

ALABAMA'S

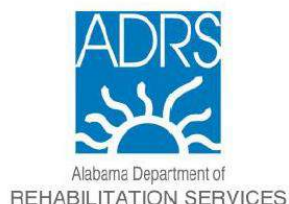

BRAIN MAP TO SERVICES

The goal of this resource guide, Alabama's Brain Map to Services, is to assist anyone in finding appropriate resources and services related to Brain Injuries in our state.

A Brain injury can happen to anyone at any time regardless of age, race, gender or economic status. Traumatic Brain Injury is also referred to as closed head injury, head trauma, concussion, TBI, mild TBI, disorder of consciousness, blast injury and shaken baby syndrome, just to name a few. These terms are used interchangeably to indicate an injury to the brain occurred.

Dealing with the reality of brain injury can be difficult, especially when making the many decisions related to your own or a loved one's recovery. This resource guide has been designed to assist in finding the programs, organizations and services that are needed. The information is being provided solely as a reference resource for the public.

For more information contact the Alabama Department of Rehabilitation Services TBI Program 1-888-879-4706.

This project was supported, in part by grant number 902BSG0044-02-01, from the US Administration for Community Living, Department of Health and Human Services, Washington, D.C. 20201. Grantees undertaking projects with government Sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official ACL policy.

Alabama Head Injury Foundation

What is Alabama Head Injury Foundation?

Alabama Head Injury Foundation (AHIF) is a 501(c)3 nonprofit organization that provides support services for survivors of traumatic brain injuries and for their families. In many cases, medical care and rehabilitation can lead to significant recovery for TBI survivors, but the return to life after TBI can be a longer struggle, especially in adjusting to the "new normal" that exists for both the survivor and for their family. AHIF never charges for any of its services, and will work with you to achieve the best quality of life possible.

ALABAMA HEAD INJURY FOUNDATION

Improving the quality of life for survivors of traumatic brain injury and for their families.

The First Step is to Contact Your Local AHIF Support Specialist

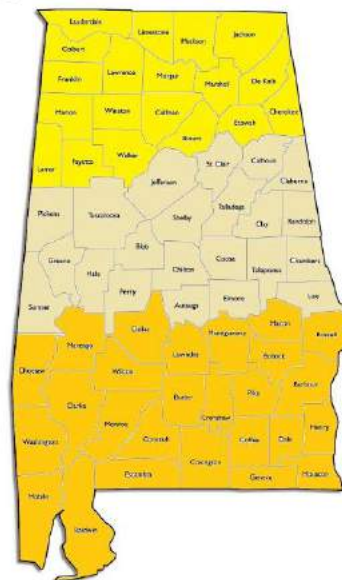

AHIF provides its statewide network of services through the use New Client and Long-Term Client Support Specialists. They live in the communities where the survivors they serve reside, allowing them to have a unique knowledge of the local resources available to survivors and to their families.

AHIF Support Specialists can assist survivors with an array of needs, that include the following:

- Assisting with home modifications or independent living options
- Support applying for and receiving Medicaid/Medicare/Disability benefits, financial management, personal budgeting and long-term legal planning
- Connecting to AHIF Services and other community services such as respite care, counseling, camps, support groups and ongoing therapy

Please visit www.ahif.org or call the AHIF office at (800) 433-8002 to confirm the appropriate AHIF Support Specialist for your location.

AHIF Support Specialist Territories

AHIF has a New Client Support Specialist and a Long-Term Client Support Specialist serving in the North Alabama, Central Alabama and South Alabama regions.

AHIF Caregiver Support Programs

AHIF supports caregivers through respite care vouchers to families of TBI survivors who need a brief break from the 24/7 demands of caring for a loved one. AHIF also provides Caregiver Support Groups and a developing Peer to Peer Program matching seasoned caregivers with caregivers of newly injured individuals. For more information, e-mail us at info@ahif.org.

AHIF TBI Camp

AHIF offers recreational camps at beautiful Camp ASCCA on Lake Martin in Jackson's Gap, AL and Camp McDowell in Nauvoo, AL. Each camp is unique, but activities can include zip lines, water slides, archery, and arts and crafts. For more information please call the AHIF office at (800) 433-8002 or e-mail us at info@ahif.org.

AHIF TBI Camp is made possible through the generous support of Encompass Health.

AHIF Bright Ideas TBI Camp

AHIF has partnered with universities across our state to offer its Bright Ideas TBI Camp program. Each camp is unique, utilizing students and faculty from the programs and departments available at each institution. This multi-day therapy-focused camp targets TBI survivors who are 3+ years removed from their date of injury, and are struggling with the challenges of adjusting to their "new normal" following their injury.

For more information on Bright Ideas TBI Camp, please call the AHIF office at (800) 433-8002 or e-mail us at info@ahif.org.

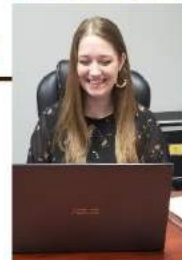

BRIGHT IDEAS
TBI CAMP

Areas of focus may include physical therapy, occupational therapy, speech therapy, nutrition, counseling, music therapy, art therapy, and even an overview of legal supports.

AHIF Mental Health Counseling Program

AHIF recognizes the emotional toll that TBIs can bring to survivors and to caregivers. AHIF has hired a full-time counselor, in conjunction with student interns and other certified AHIF staff, to provide free mental health counseling following a referral from our staff. Speak to your AHIF Support Specialist for more information.

Phone: 256-859-8300

Email: info@alabamarespite.org

Website: <https://alabamarespite.org/>

Alabama Respite is a statewide program of United Cerebral Palsy. We are located in Huntsville, AL, but serve all 67 counties across the state. We provide monetary reimbursement for hiring someone to take a break from your caregiver role (as well as other services). You choose the respite provider and determine the hourly rate you are willing to pay. We do not send or recommend respite providers. The caregiver must be providing around the clock care to a loved one with a special need, disability, or chronic/terminal/mental illness. The caregiver/care recipient can NOT be receiving respite services through another state agency, such as Alabama Cares, AL Head Injury Foundation, or Medicaid Waiver.

- **Caregiver Wellness Initiative**

This program provides caregivers the opportunity to speak with a mental health professional. ALR will pay the provider directly for a pre-determined number of sessions or assist in paying co-pays for those caregivers who have insurance that covers counseling services.

We know first-hand how expensive it is to raise a child with special needs. Wheelchairs, adaptive equipment, and therapies can run thousands of dollars and are not always fully covered by insurance. While we are very thankful for insurance, there is a gap in coverage where these things are either not covered at all or the deductibles and copays put added stress to an already difficult situation. Our goal is to assist families who are in this financial gap. Let us take some of the

burden off your shoulders so you can enjoy life with your incredibly special family member.

MANAGING CONCUSSIONS IN ALABAMA SCHOOLS

CONCUSSIONS HAPPEN, AND NOT JUST TO ATHLETES- TO ALL CHILDREN AND YOUTH.

When they do, students need support to return to learning. As they recover, educators need to know how to help by providing immediate, flexible and relevant academic support in school or at home.

WE CAN HELP!

Alabama has adopted the Teacher Acute Concussion Tool (TACT), an online resource kit designed to help teachers learn strategies to support students as they Return to Learn following a concussion. The TACT builds general education classroom teacher capacity so students feel and learn better during recovery from a concussion. TACT builds teacher knowledge and confidence as they learn how to customize approaches to teaching styles to support the needs of students with a concussion, and delivers all these supports and information when teachers need it.

Smart Homes Made Simple

Pennsylvania Assistive Technology Foundation (PATF)

- **[Your Guide to Smart Home Technology, 2nd Edition](#)**

This guide has been written to help people with disabilities and older adults learn to successfully integrate smart home technology into their homes and lives. Smart home technology can help with connecting with friends and family, turning on and off the lights, setting reminders and alarms, checking in with a caregiver, locking and unlocking the door, using telehealth services and health monitoring, changing the TV channel or turning on music, and more! We hope this guide will empower you to explore the most current smart home technology, develop a framework to choose your technology, and build a team who can support you in achieving your goals.

- **[Self-Assessment Tool](#)**

This self-assessment is a good starting point as you consider what smart home technology might work for you. It will prompt you to think about your goals, strengths, and challenges, your home environment, and the supports you already have in place. This tool is useful for individuals with disabilities, family members, and support team members.

Find Your Anchor

Email: findyouranchor@gmail.com

Website: <https://findyouranchor.us/>

Find Your Anchor is a grassroots movement aimed at suicide prevention, awareness and education. The premise behind Find Your Anchor is that each person needs an anchor. "Establish an anchor — a dependable, stable, secure base that you can hold on to, one that keeps you firmly planted, no matter what winds or storms may come." Find Your Anchor doesn't assume to be the anchor, or have all the answers, rather, it sets out to create a community of anchors, all with the help of some little blue boxes.

The physical form of Find Your Anchor is a small blue box packed with various materials designed to inspire, soothe and offer support. These boxes are then launched in public places (the library, the Vegas strip, etc.) to be found by those in need; specifically, those close to suicide in one way or another.

The boxes are intended to be organic in the sense that each person can add to the box their own inspiration and anchors before passing it along.

HAP's primary goal is to help clients have a better life. This does not always mean paying their bill will be the answer. We endeavor to meet many needs whether they are emotional, financial, or spiritual. All of our clients are interviewed in person and as much time as is needed to "peel back the onion" and get to the core of that person's particular problem is taken. We may need to refer this person for financial counseling, marital counseling, drug/alcohol addiction, or medical assistance. We are a major referral source for services available within Madison County. All persons interviewed are encouraged to find a church family regardless of their denomination preference.

Substance Abuse Treatment Services: Accessing Help

Alabama Department of Mental Health

Phone: 1-800-367-0955

Website: <https://mh.alabama.gov/division-of-mental-health-substance-abuse-services/substance-abuse-treatment-services/>

ADMH does not operate any substance use disorder programs; however, we contract with community-based entities throughout Alabama to offer outpatient and residential services. All state funded providers offer services on a sliding fee scale which is based on income, resulting in low or no cost services to persons with low income.

Directions: Click on "Find a Provider link" in the middle of the page under Accessing Help > from this page you can search by substance use disorder (under category) and then select county (under location); click "search listing" for the agencies in that county.

Another way is to access from the Find a Provider link is to click on the Provider Directory Spreadsheet > Tab at the bottom of this sheet for Substance Abuse Division for a list of agencies alphabetically.

- **Peer Support for Individuals Experiencing Substance Use Disorders**

Transportation Research for Injury Prevention

Research

The TRIP Lab was established in 2009 by Dr. Despina Stavinos as an official outlet for her research, and as a means to recruit other scholars – students and professionals – drawn to the intersection of the transportation, behavioral, and cognitive research fields.

We are committed to gaining a better understanding of the psychological aspects of transportation-related injury through multi-disciplinary research and translating those findings to the practice of injury prevention and control.

Wondering what participating in our research is like? We guide you through every step of the process in the presentation available at <https://bit.ly/TRIPParticipant>. You can join our Participant Registry at <https://bit.ly/PartRegistry>.

Driving Simulator

The TRIP Lab houses a fully immersive, state-of-the-art driving simulator designed by Realtime Technologies, Inc., and sponsored by Honda Manufacturing of Alabama and the Alabama Department of Transportation. It takes the form of a 2016 Honda Pilot, and features a fully functional steering wheel, throttle, brake, gear selector, turn signals, and dashboard.

The simulator's software is fully customizable to meet a wide variety needs. The faculty and staff of the TRIP Lab have extensive experience in multi-disciplinary transportation-related injury prevention research and are happy to share their knowledge, experience, and resources to assist you.

AlabamaTBI.org provides links to training and resources and may offer onsite training to meet your needs and assist you in providing services for children, youth, adults, and family members in Alabama who have experienced a TBI.

- **Adult TBI Care Coordinators by County**

Website: <http://www.alabamatbi.org/contacts-by-counties.html>

The ICBM Program helps individuals with TBI and families address cognitive retraining, social skills development, independence, community reintegration, and employability. (*See the ICBM informational one-pager below.)

- **Children's Rehabilitation Service (CRS)**

Website: <https://www.rehab.alabama.gov/services/crs>

The CRS Care Coordinators are prepared to work with families of children and youth with TBI through services that include information and referral, care coordination, treatment, and other related services. (*See Fast Facts about TBI below.)

- **The Alabama Head and Spinal Cord Injury Trust Fund**

The trust fund, administered by ADRS, is led by a board that works with legislators to secure needed funding for services such as case management, counseling, prevocational services, cognitive remediation, family education, community resource provision, respite care, and recreational supports.

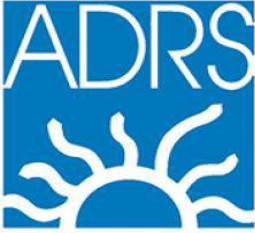

- **Alabama Head and Spinal Injury Registry (AHSCIR)**

A registry of all general trauma in the state is kept by the Alabama Department of Public Health, and AHSCIR is a registry maintained by ADRS that specifically links together all head and spinal cord trauma reported by hospitals statewide. The registry connects trauma survivors with much-needed resources as soon as possible after they leave the hospital, gathers data for mortality and morbidity rates statewide, and uses this data to implement safety and prevention programs.

- **The Alabama Head Injury Task Force (AHITF)**

The Alabama Head Injury Task Force is the statewide advisory board for TBI in Alabama. Its mission is to develop the ideal service delivery system for Alabamians who experience TBI, and does this by:

- Developing and monitoring the Statewide TBI Action Plan to address the needs of children, youth and adults with TBI and their families
- Providing statewide coordination among agencies and organizations
- Creating a forum for communication relative to TBI issues
- Contributing to the development of awareness and training for professionals
- Provides a Quarterly TBI Newsletter (The Brainliner) for Information, Resources and an Advocacy Platform

ALABAMA DEPARTMENT OF REHABILITATIVE SERVICES

Statewide Traumatic Brain Injury Program
Pre-Vocational Services / Interactive Community-Based Model

What is the TBI/ICBM Program? After a traumatic brain injury many individuals need time to adjust to physical, emotional, thinking and independent living challenges when they come home from the hospital. The Alabama TBI Program (called Interactive Community-Based Model) provides help with these adjustments to prepare a person to return to community, school and/or work. The Alabama Department of Rehabilitation Services, the lead agency for TBI, provides this program across all counties. The ICBM Program helps individuals with TBI and families address cognitive retraining, social skills development, independence, community reintegration and employability. Services are provided through state funds; medical insurance is not required.

Who Qualifies? The TBI/ICBM Program is designed for individuals who:

<i>Have sustained a traumatic brain injury as a result of neurotrauma (external force).</i>	<i>Are less than 2 years post injury.</i>	<i>Have an Alabama address and need for in-home services.</i>	<i>Can benefit from cognitive and/or behavioral rehabilitation program.</i>	<i>Are not ready for traditional vocational rehabilitation services at time of referral.</i>
---	---	---	---	--

Traumatic Injury Care Coordinators are Master’s Level Rehabilitation counselors trained in providing specialized services. Through the ICBM Program, the TBI Care Coordinator works with individuals with TBI and family members so that services are tailored to meet individual needs.

The Care Coordinator will:

- Gather personal and medical information
- Coordinate services provided
- Evaluate independent living skills
- Assist family in navigating health care and social service system
- Provide counseling
- Provide injury education and training
- Recommend/provide testing
- Provide case management and planning
- Structure cognitive, social and/or volunteer experiences
- Share and refer to local resources
- Provide cognitive activities
- Develop and share coping strategies and behavior management techniques
- Refer to other agencies and providers for individual support

Resources

Alabama Department of Rehabilitation Services houses four programs particular to brain injury:

- **Children's Rehabilitation Service (CRS)** houses specialty-trained pediatric TBI Care Coordinators for facilitating services a child (birth to 21) receives. CRS provides parent, family, and community education, assists with transition from hospital to home, school, community, provides education on TBI issues in the classroom to family and school system, and assists in establishing appropriate educational goals and services. <https://www.rehab.alabama.gov/services/crs>
- **TBI Program/Interactive Community-Based Model (ICBM)** is a prevocational service program for adults that provide a wide range of services to assist adults recovering from traumatic brain injury (TBI) in regaining independence when possible, and returning to school/work. Services transition an individual from hospital to home, community and to employment through a specialty-trained TBI Care Counselor. <https://www.rehab.alabama.gov/services/vr/tbi>
- **Vocational Rehabilitation Services (VRS)** assists Alabamians with disabilities to achieve independence through employment. VRS provides specialized employment- and education-related services and training to assist teens and adults with disabilities in becoming employed. Available through any of the 20 VRS offices statewide, services may also include vocational assessment, evaluation and counseling, job training, assistive technology, orientation and mobility training, job placement, and retention services. <https://www.rehab.alabama.gov/services/vr/vr>
- **State of Alabama Independent Living/Homebound Program (SAIL)** provides specialized in-home education and counseling, attendant care, training, and medical services to Alabamians with the most significant disabilities. Seven community-based offices located throughout the state serve residents in all 67 counties, ensuring independent living at home, at school, at work, and in the community through homebound services, independent living support services and Medicaid Waiver Services. <https://www.rehab.alabama.gov/services/sail>

Alabama Head Injury Foundation Resource Coordination Program is a nonprofit organization that provides support services for survivors of traumatic brain injuries and their families. AHIF provides its statewide network of services through the use of field staff, called Resource Coordinators that live in the communities where survivors they serve reside. AHIF Services include: Resource Coordination, Support Groups, Advocacy, Recreational Camps, Respite Care and Therapy camps. www.ahif.org

The **Alabama Disabilities Advocacy Program (ADAP)** is part of the nation's federally-funded protection and advocacy system. ADAP provides legal services to Alabamians with disabilities, including TBI, to protect, promote and expand their rights. ADAP's vision is one of a society in which persons with disabilities are valued and exercise self-determination through meaningful choices, and have equality of opportunity. <https://adap.ua.edu/>

FAST FACTS

about Traumatic Brain Injury Program

What is a traumatic brain injury?

A traumatic brain injury (TBI) is a disability caused by an external force such as a motor vehicle accident, gunshot wound, fall or physical impact which causes a decrease in mental, cognitive, behavioral or physical functions. Each year, 80,000 people in the United States experience the onset of long-term disabilities following a traumatic brain injury.

What is the Children's Rehabilitation Service TBI Program?

The Children's Rehabilitation Service TBI program provides services to children and teens who have sustained a TBI. Any individual between birth and 21 years of age who is a resident of the state of Alabama and has a diagnosis of a TBI can enroll in the Children's Rehabilitation Service (CRS) TBI program. Once enrolled in the program you will be assigned a CRS care coordinator who is specially trained in TBI.

What services do TBI care coordinators provide?

Care coordinators provide ongoing support in schools, homes, and communities, including:

- providing assistance locating community resources
- coordinating all services a child receives
- providing parent, family, and community education to enhance care skills and medical knowledge
- helping children and youth with TBI to transition from hospitals and rehabilitation centers to home, school, and community
- helping children and youth with TBI to participate in activities in their homes, schools, and communities
- helping children and youth with TBI and their families plan for all aspects of adult life
- providing information and education on how TBI affects students in the classroom
- helping the consumer, family, and school to establish appropriate educational goals
- providing education and assistance to the family in obtaining appropriate school services (such as an Individualized Educational Plan (IEP) or a 504 Plan)
- making referrals to CRS clinics for specialty evaluations

Affordable Connectivity Program Helping Households Connect

The Affordable Connectivity Program is an FCC program that helps connect families and households struggling to afford internet service.

The Affordable Connectivity Program provides:

- Up to \$30/month discount for broadband service;
- Up to \$75/month discount for households on qualifying Tribal lands; and
- A one-time discount of up to \$100 for a laptop, desktop computer, or tablet purchased through a participating provider if the household contributes more than \$10 but less than \$50 toward the purchase price.

The Affordable Connectivity Program is limited to one monthly service discount and one device discount per household.

Who is Eligible?

A household is eligible if a member of the household meets at least one of the criteria below:

- Has an income that is at or below 200% of the Federal Poverty Guidelines;
- Participates in certain assistance programs, such as SNAP, Medicaid, Federal Public Housing Assistance, SSI, WIC, or [Lifeline](#);
- Participates in one of several Tribal specific programs, such as Bureau of Indian Affairs General Assistance, Tribal Head Start (only households meeting the relevant income qualifying standard), Tribal TANF, or Food Distribution Program on Indian Reservations;
- Is approved to receive benefits under the free and reduced-price school lunch program or the school breakfast program, including through the USDA Community Eligibility Provision;
- Received a Federal Pell Grant during the current award year; or
- Meets the eligibility criteria for a participating broadband provider's existing low-income program.

Check out www.fcc.gov/ACP for a **Consumer FAQ** and other program resources.

Two-Steps to Enroll

1. Go to ACPBenefit.org to submit an application or print out a mail-in application; and
2. Contact your preferred participating provider to select a plan and have the discount applied to your bill.

Some providers may have an alternative application that they will ask you to complete.

Eligible households must **both apply for the program and contact a participating provider to select a service plan.**

El Programa de Descuentos para Internet

Ayudando a los hogares a mantenerse conectados

El Programa de Descuentos para Internet (ACP) es un [programa de la FCC](#) que ayuda a mantener la conexión de internet de las familias y hogares con dificultades para pagar su servicio de internet.

El Programa de Descuentos para Internet (ACP) proporciona:

- Hasta \$30 de descuento mensual para servicio de internet de banda ancha.
- Hasta \$75 de descuento mensual para hogares elegibles en territorios Tribales.
- Un descuento único de hasta \$100 para una computadora portátil, de escritorio o una tableta electrónica, compradas a algún proveedor participante, si el hogar contribuye con más de \$10 pero menos de \$50 del precio de compra.

El Programa de Descuentos para Internet (ACP) se limita a un descuento mensual para un servicio de conexión y a un descuento único para un equipo, por cada hogar.

¿Quién es elegible?

Un hogar es elegible si uno de sus miembros cumple, por lo menos, con una de las siguientes condiciones:

- Tiene un ingreso igual o menor al 200% de las pautas federales de pobreza ([Federal Poverty Guidelines](#), en inglés).
- Participa en ciertos programas de asistencia, como SNAP, Medicaid, *Federal Public Housing Assistance*, SSI, WIC o [Lifeline](#).
- Participa en programas dirigidos a territorios Tribales, como *Bureau of Indian Affairs General Assistance*, *Tribal TANF* o *Food Distribution Program on Indian Reservations*.
- Está aprobado para recibir subsidios del programa de desayunos o almuerzos gratuitos o a precio reducido, incluso bajo la disposición de la USDA *Community Eligibility Provision* para los años escolares.
- Recibió una beca *Federal Pell Grant* durante el año actual de premiación.
- Cumple con las condiciones de elegibilidad de un programa para bajos ingresos aprobado, ofrecido por alguno de los proveedores participantes.

Ingrese a fcc.gov/ACP para ver respuestas a las preguntas más frecuentes (**Consumer FAQ, en inglés**) y otros materiales sobre el programa.

Inscripción en dos pasos

1. Visite ACPBenefit.org para enviar una solicitud o para imprimir un formulario de solicitud y enviarlo por correo.
2. Contáctese con el proveedor participante de su preferencia para elegir un plan elegible y pídale que aplique el descuento a su cuenta.

Algunos proveedores podrían pedirle que llene un formulario de solicitud alternativo.

Los hogares elegibles deben hacer dos cosas: solicitar el programa y contactarse con un proveedor participante para elegir un plan de servicios.
